Monitoring Report

27. January 2012

Public & Shower House

Bakanje, Solukhumbu

by Namgyal Jangbu Sherpa

Marbu, In the course of Runner Service, I checked the construction of Community Shower House and Toilet. External part of the construction is completed but I found it a bit small – smaller and shorter than that of Patal. I couldn't stand up straight inside. Besides, the toilet pan is not fixed in right way and septic tank is just fiasco. I advised Gere that he should lift up the roof without getting damaged on tin and rebuilt the septic tank completely with good finishing. And he agreed doing so.

I therefore would like to recommend reviewing the measurement of the drawing for the next construction in other place.

The project started after as papa kurt, Chairman of Himalayan Project Denmark and Ambika, Coordinator of Women Empowerment Project at Himalayan Project Nepal visited the area and approved the proposal submitted by Marbu people. Sum of Rs 47.500 was provided for the construction. Once the project completes, it will benefit some 38 people stopping open toilet in that area. As a result the sanitation of surrounding area will be improved.

Kathmandu, 17 February 2012.

Namgyal Jangbu Sherpa

Managing Officer, HIPRON
